

## JUNIOR INVESTIGATORS

To help animals, we need to learn about them. Wild animals leave behind clues and evidence that help us work out who's been there, what they were doing and how they live in their habitat.

**We just need to know what to look for!**

Put on your detective hats like **Judy** and **Nick** from **Disney's Zootopia 2** and follow the **Junior Investigators Trail** around the Zoo!

**JUDY**
