

WILDLIFE SAVER

Whether on land or in the sea Taronga is committed to doing great things in conservation. Our cutting-edge conservation and research efforts are as diverse as the animals we're working hard to protect.

Follow the **WILDLIFE SAVER** trail today to discover the powerful impact of Taronga's conservation work.

Powered by Red Energy

11am & 2pm daily (map 9F)
PLUS 1pm during NSW School Holidays

RED ENERGY ACTIVITY HUB

Be sure to visit for some super wild free activities.

OPEN FOR ACTION at the Pit Stop (map 6F) and Backyard to Bush (map 4D) from 10am - 3pm daily during NSW School Holidays 3 - 19 April.

Powering Taronga to save wildlife

Our animals are on special diets. Feeding them may make them sick.

MISSION POSSIBLE

Not all heroes wear capes! At Taronga, amazing people are working every day to protect wildlife and save species. It's a place full of brilliant minds solving nature's greatest mysteries and conservation puzzles.

YOUR MISSION:

Find the missing word below from each trail marker and write them down to solve the Trail Mystery Word.

CONGRATULATIONS

Scan the QR code and use the Mystery Trail Word to enter the Red Energy Competition to WIN a family overnight stay at Roar and Snore in Sydney, or Zoofari Lodge in Dubbo!*

*T&Cs apply.

Red Energy are powering Taronga to help save wildlife. Their Red Wildlife Saver home electricity plan has contributed over \$400,000 in support of Taronga's vital conservation work.

BE A WILDLIFE SAVER

Your choice matters whether it's reducing your plastic footprint by using a reusable drink bottle, choosing MSC when buying seafood or supporting renewable energy. You can be a wildlife superhero.

CERTIFIED SUSTAINABLE SEAFOOD MSC www.msc.org

Returned Platypus to the _____ National Park.

One of the world's _____ turtles.

Taronga's _____ for Good campaign began in 2012.

Animal poo is full of _____!
