

# TEACHING SCIENCE & TECHNOLOGY K-6 WITH CONFIDENCE

Tuesday 26 March 2019

Join us for an engaging professional learning day designed to help K-6 teachers prepare for the implementation of the new Science and Technology K-6 syllabus in 2019. This course has been developed with a strong focus on Working Scientifically, Living World and Digital Technology content.

## PARTICIPANTS WILL:

- Work with Curriculum Advisors to gain a deeper understanding of the new Science and Technology K-6 syllabus.
- Be inspired, and develop skills and confidence to teach the Science and Technology syllabus in hands-on, creative and engaging ways.
- Learn about the application of scientific skills in practical investigations through real world tasks that can be adapted to a local school context.
- Discover how to use Taronga Zoo as a scientific education resource
- Develop a professional network with other K-6 teachers to provide ongoing support and resource sharing.
