

# WHERE NATURE SHINES

*This VIVID we are coming together to shine a light on creating a new future, one in which wild species and wild spaces can make a comeback.*

From the miniscule to the magnificent, immerse yourself in larger-than-life-creatures from land, sky, and sea merge in a visual spectacle through the magic of light. Explore the innovative, inclusive installations and breathtaking projections as Taronga is bathed in a rainbow of colour.

Enjoy your journey of discovery weaving through WILD LIGHTS tonight, where inspiration and hope for a healthy and shared planet for all shines bright.

*See Taronga. See the light.  
It's time to shine... For the Wild.*

Taronga is thrilled to welcome Cushman & Wakefield as our inaugural Access and Inclusion partner. We have been working on how the event can better cater to accessibility and where we can introduce new elements to make this experience enjoyable for all.

Image: Imaginasium, inspired by Sydney-based visual artist with a disability, Digby Webster

## A BRIGHT FUTURE

Taronga is certified carbon neutral. Taronga is always working to reduce its emissions, and what can't be reduced is offset through renewable energy projects and habitat regeneration.

Taronga is committed to sourcing 100% of electricity from renewables by 2030 or sooner.
