Newborn Nursery: Spring has arrived bringing the warmer weather, which means new life! Come meet the new babies who are arriving at the zoo, learn about their families, and meet the keepers who look after them.

Wonderful Wildlife: Earth is home to an amazing variety of plants and animals. Some are big, some are small, and some have feathers, fur and crawl. Some are bizarre and some scare, but all are wonderful, precious and rare! Join us in meeting some curious creatures and the peculiar adaptations that make them wonderfully unique.

Delectable Diets: Food! We all love to eat it and we all need it to survive. Learn about animal diets, from 'generalists' to super fussy 'specialist' eaters. Test your culinary skills through hands-on investigations, taste testing and cooking demonstrations.

Festy Fauna Features: A giraffe's tongue is long enough so they can use it to pick their nose, flies vomit on their food before sucking it up through their straw-shaped tongues and turkey vultures bathe in their own urine. Join us on a mission to discover more gross animal facts, and learn about why they have evolved these horrendous habits!

Amazing Athletes of the Animal Kingdom: Come meet a range of creatures with amazing athletic talent. Everybody needs to thrive in their natural environment and sometimes they also need to compete! It can be a tough battle where only the fittest will survive! Join us at the zoo to learn about Amazing Athletes of the Animal Kingdom!
